

MANUFACTURING AND MACHINE TOOL EVENTS SOUTHEAST ASIA

LEADING EXHIBITIONS IN EMERGING MARKETS

With seven dedicated machine tool, precision engineering and manufacturing technology exhibitions across Southeast Asia, UBM provides you with the most cost effective ways to meet over 70,000 of the region's most important buyers of metalworking machine tool, precision engineering and manufacturing technology. Our exhibitions with specialized sectors including 3D Printing, Metrology, Optics & Photonics, Aerospace, Electronics, Energy, Oil & Gas and Semiconductors provide you with the best platforms to establish and grow your business in Southeast Asia.

The ASEAN region has a population of more than 600 million people, which is larger than the European Union or North America. ASEAN has the third-largest labour force in the world, behind China and India, and an extremely youthful population. The manufacturing sector is attracting a huge amount of foreign investment, making it one of the driving forces behind the strong economic growth in the ASEAN region in recent years. Now is the time to take advantage of the vast potential in this flourishing market.
